

## Register for IBM Cloud

Project name : Car resale value prediction

### 1. IBM Cloud Account Creation:

The screenshot shows the IBM Cloud login page in a web browser. The browser's address bar displays 'cloud.ibm.com/login'. The page features the IBM Cloud logo and the text 'Log in to IBM Cloud'. Below this, there is a link for 'Create an account' for users who do not have an account. The 'Sign in with' section includes a dropdown menu set to 'IBMid' and a text input field containing the email '953619104001@ritrjpm.ac.in'. A blue 'Continue' button with a right-pointing arrow is positioned below the input field. A link for 'Forgot ID?' is located below the 'Continue' button. At the bottom of the login section, there is a checkbox labeled 'Remember ID' which is currently checked. The footer of the page contains the copyright notice: '© Copyright IBM Corp. 2014, 2022. ### 3. Cloud Object Storage list:

The screenshot displays the IBM Cloud Object Storage interface. The left sidebar contains navigation links: Cloud Object Storage, Storage instances, Cloud Object Storage-af, Buckets (selected), Integrations, Endpoints, Usage details, Service credentials, Connections, and Plan. The main content area is titled 'Buckets' and includes a description: 'Buckets serve as containers for objects, and can be individually configured in terms of their location, resiliency, billing rates, security, and object lifecycle rules.' Below this is a table with the following data:

Name	Public access ⓘ	Location ⓘ	Storage class	Created	
carresalevalueprediction	No	jp-tok	Smart Tier	2022-11-18 9:00 PM	⋮
carresalevalueprediction-donotdelete-pr-koschnclmp50	No	eu-geo	Standard	2022-11-19 6:47 AM	⋮

A 'Create bucket +' button is located in the top right corner of the table area. A chat icon is visible in the bottom right corner of the page.

#### 4. IBM Watson studio and Watson machine Learning has been created:

The screenshot displays the IBM Watson Studio web interface. At the top, the browser address bar shows the URL: `eu-de.dataplatform.cloud.ibm.com/home?context=cpdaas&apps=data_science_experience&nocache=true&quick_start_target=data_science_experience`. The page header includes the IBM Watson Studio logo, a search bar, and user account information for 'Abhinav R's Account' in the 'Frankfurt' region.

The main content area features a large 'Welcome, Abhinav!' message. Below this, there are three primary action cards:

- Take a tutorial:** Step through implementing a Data fabric use case in a sample project. →
- Work with data:** Create a project for your team to prepare data, find insights, or build models. →
- Learn what's new:** Stay current with new features, enhancements, and other changes. →

To the right of these cards is a 3D visualization of blue and purple cubes, with a magnifying glass icon and a line graph.

The bottom section of the dashboard is divided into four main panels:

- Quick start:** A list of five guided tasks:
  - Create data pipelines with DataStage
  - Build customer profiles with IBM Match 360 with Watson
  - Catalog and govern data with Watson Knowledge Catalog
  - Build and manage ML models with Watson Studio
  - Query data anywhere with Watson Query
- Projects:** Displays a project named 'car resale value prediction' created 'Yesterday at 06:47 AM' by user 'AR'. Below this is a 'New in gallery' section featuring a 'SAMPLE PROJECT' titled 'AI governance' with a description: 'Tutorials in this project: Build and deploy a machine learning model to predict which applicants qualify for mortgages; Test and validate the model for fairness, accuracy, trustworthiness, and readiness for production.'
- Notifications:** Shows 'No notifications' with the message: 'You will see your most recent notifications here.'
- Deployments:** Shows 'No deployment spaces' with the message: 'After you create spaces, you'll see them here.' and a button to 'New deployment space'.

A vertical 'Feedback' button is located on the right side of the dashboard.
